Isn't Woods Haven one of the nicest neighborhoods in the Milford area? This property is picturesque and the home suits the lot perfectly. The kitchen's been updated, there's a sun room off the family room, and the dining room flows into the living room. A tree-top canopy covers the backyard and helps keep summer's heat in check. The enclosed deck/patio area provides a private place you'll cherish as you fall in love with your new home. We've loaded up the website with pictures so go to RashTeam.com to see them all, then call Carolyn (302-422-4400) for your showing.
